ADA Compliance

Many of the trims and transitions offered by Futura Transitions are compatible with ADA 2010 Standards section 303 Changes in Level and section 504.5 Nosings. However, installers and contractors must ensure that the finished installation, including any Futura Transitions product complies with current ADA standards when the project specifies an ADA requirement. For more information on ADA standards visit https://www.ada.gov/2010ADASTandards_index.htm

TREDSAFE® INSERTS

Tredsafe insert is manufactured from a special blend of PVC, silica quartz and polymeric plasticiser giving an homogeneous hard wearing anti-slip flooring for wet and dry conditions. Tredsafe insert is resistant to attack from ultraviolet light, oil, grease, gasoline, salt, dilute acids and alkalis, common household chemicals and detergents. Organic solvents will soften Tredsafe insert. Suitable for interior or exterior use.
